MORGAN MAKES “TOP 25 BY-THE-GLASS” LIST

Morgan’s Sauvignon Blanc is One of the Country’s 25 Most Demanded Wines-by-the-Glass in *Wine & Spirits Magazine’s* 21st Annual Restaurant Poll

Monterey County, CA - Morgan Winery is one of the most requested brands by America’s diners. The results from the *Wine & Spirits Magazine* “21st Annual Restaurant Poll” show that Morgan’s Sauvignon Blanc is one of the top 25 most demanded wines-by-the-glass in the country’s restaurants.

A well known name for world-class Pinot Noir, Chardonnay and Syrah from one of America’s most lauded growing regions – the Santa Lucia Highlands – Morgan Winery has also earned a reputation for producing wines of terrific value from other Monterey County districts. Morgan’s Monterey Sauvignon Blanc, Cotes du Crow’s and Metallico Chardonnay retail for \$20 or less and considered by many in the industry to deliver the highest quality vs. price ratio in that category.

On-premise sales have always been Morgan Winery’s target market. The recent poll results indicate the success of the Morgan sales team in getting the word out, in partnership with top distributors and brokers across the country. “We are very pleased to be one of the top wines by- the- glass,” says proprietor and winegrower Dan Morgan Lee; “we appreciate the loyal, on-going support that we have received from the nation’s top restaurants.”

Founded in 1982, Morgan Winery is a family owned and operated business. Winegrower Dan Lee and winemaker Gianni Abate collaborate to craft wines which elegantly express the *terroir* from Morgan’s organically grown Double L Vineyard and select vineyards in the Santa Lucia Highlands and northern Monterey appellations.
